LABOUR HYSTERICAL AS 'SMASH THE N.F.' CAMPAIGN FLOPS

1977 WAS THE YEAR IN WHICH THE ZIONIST MOVEMENT DETERMINED TO "SMASH THE NATIONAL FRONT ONCE AND FOR ALL." THEIR CAMPAIGN - CO-ORDINATED BY THE ZIONIST 'BOARD OF DEPUTIES OF BRITISH JEWS' - MOBILISED THE LABOUR GOVERNMENT, LABOUR'S IDEOLOGICAL COUSINS IN MARXIST REVOLUTIONARY GROUPS, NEO-MARXIST FACTIONS WITHIN THE CHURCH, AND LAST BUT NOT LEAST, THE MASS MEDIA. ALL THESE ARE EITHER HEAVILY INFILTRATED BY ZIONIST PERSONNEL AND/OR ARE BEHOLDEN TO ZIONIST FINANCIAL PATRONAGE.

RED RIOTERS FAIL

RED VIOLENCE against the NF anti-Mugger march through Lewisham, S.E. London, on 13th August, frenzied though it was, probably did not come about "spontaneously".

Supporters of a "peaceful" Left Wing anti-NF march in the morning (led by Mr. Martin Savitt, boss of the Zionist Board of Deputies and Mervyn Stockwood, the Red Bishop of Southwark) invaded the site where the NF marchers were due to assemble later in the day.

The Reds attacked the Police with knives and acid sprays an hour before the NF column started to assemble. They carried those

weapons while they marched behind Savitt and Stockwood!

Thanks to fine Police organisation and the discipline of the NF marchers, the NF column marched from New Cross to Lewisham where an open-air rally was held and a £600 collection taken.

The Red mob, furious that the Police had done their duty in preventing them from "smashing the NF off the streets" continued to riot, attacking the Police and destroying property long after the NF had dispersed.

The following day S.W.P. leaders told a Press conference that their violence had been deliberate, and that they are organised to use violence as a means of achieving their political objectives.

Labour gained special impetus to back the campaign following the NF's intervention in the Greater London Council elections. The 92 G.L.C. wards are Parliamentary constituencies. The NF contested 91 of them, winning 119,000 votes, beating 33 Liberals and CAUSING LABOUR TO LOSE THREE SEATS.

If the NF G.L.C. performance were projected into the General Election with 300 NF candidates, the NF vote could be decisive in ending Labour rule.

The Zionist/Labour campaign contained these elements:

- 1) The implementation at the first opportunity of the Zionist-drafted new Race Act.
- 2) The mobilisation of Marxist gangs to stage riots at lawful NF activities. The riots were designed, in collaboration with orchestrated media distortions, the persuade the public that the NF "provoked" the trouble and that it was necessary therefore to suppress NF activities by law.
- 3) The systematic banning by Labour-controlled Councils of the NF's use of 'public' meeting halls.
- 4) The continual denigration of the NF in special newspaper and TV smear features.

But this campaign has FAILED. Bans on marches and meetings have been circumvented. NF members' discipline in the face of Red violence has shown the public that they are the VICTIMS not the CAUSE of riots.

By refusing to be intimidated the NF has won massive publicity, recruited thousands of new members, and is now poised to inflict a savage revenge on Labour at the next General Election!

MARCH BANS FAIL

HYDE, GTR. MANCHESTER, was to have seen an NF "Protect Free Speech" march, followed by a rally in the (Tory controlled) Town Hall.

But the activities were banned by Home Secretary Merlyn Rees, following a request from Mr. C. J. Anderton, Manchester's Chief Constable.

Mr. Anderton feared that he could not preserve order as a result of threats of "Lewisham-style" violence from the extreme Left and Marxist groups.

In order to show the Authorities that it was contrary to Natural Justice to ban the lawful activities of the victims of the Red mob, the NF decided on two replacement activities in the Greater Manchester area.

Firstly, NF National Activities Organiser Martin Webster held a one-man walk through Hyde on 8th October carrying a Union Jack and a sign reading: "Defend British Free Speech from Red Terrorism!"

Secondly, more than 1,000 NF members held a "secret" march through the Levenshulme area. This activity was undisturbed by any major disruptions as 1,000 Reds went to Hyde thinking that the NF would parade there, and as another few hundred waited for the NF to march in Stockport.

All this showed that there is only big trouble on NF marches when the Red mob is on hand to create it.

MEETINGS BAN FAILS - N.F. A.G.M. A TRIUMPH!

NEWHAM Borough Council, East London, accepted a booking from the National Front this year for the purposes of the NF Annual General Meeting.

But in line with the Labour Party policy of denying the NF meeting hall facilities which are available to every other party, the Council revoked its decision, cancelling the booking at short notice.

The NF's Labour enemies hoped that the late cancellation plus the almost universal halls ban, would result in the NF being unable to hold its Annual Conference - but their malicious anti-democratic hopes were foiled.

The NF booked the ballroom of the smart Royal Garden Hotel, Kensington (a popular venue for Zionist functions, now that The Dorchester is Arab-owned!) under the name of the NF's policy discussion group.

Secrecy was maintained, and the 700 NF delegates were unaware of the venue until, after two redirection points, they walked through the door!

The meeting was the most united and enthusiastic A.G.M. ever held. A collection of £1,400 was taken and much press and TV publicity resulted from it, especially the decision to set up "Young National Front".

Opposition to Monopoly is not 'Socialism'

THE Conservative Party has recently tried to depict the National Front as "Socialist", and an "enemy of Freedom". An amusing accusation to come from a party which currently acquiesces to the Labour demand for the compulsory "Closed Shop" which is a total abnegation of freedom!

What upsets the Tories is that the NF is firmly opposed to Monopoly Capitalism, which is increasingly international in structure and ownership, and which consequently pursues internationalist economic and political objectives which militate against national sovereignty. The drive to "European Monetary Union" is an example of this.

The Tories rightly say that Socialist Monopoly involving

the state control of all the means of production and distribution is a threat to freedom. But from the point of view of their effect on the individual, there is little to choose between Capitalist or Socialist monopoly. The elimination of choice and competition, compulsory direction of labour and rule by a power elite of bureaucrats or bankers (or both!) are inescapable features of either system.

The NF believes that freedom for the individual and freedom for the nation are indivisible, so allowing the Tories' international Monopoly Capitalist patrons to act as they please forms no part of our plans.

NF News seeks to persuade its readers to feel angry about the evils of multi-racialism and to direct their anger solely to the corrupt politicians.

Treason and Terrorism – A Family Business

FRENCH police have captured the man they believe is the 'Mr. Big' of international terrorism, responsible for organising world-wide Baader-Meinhof style attacks and hijackings.

The man is Henri Curiel, an Egyptian Jew and the cousin of Dutch Zionist-turned-Russian spy George Blake, who gave British secrets to the KGB after Britain had given him refuge from the Nazis.

Treason and terrorism, like revolutionary politics, so often turn out to be a sort of family business.

Police believe that Curiel was the top KGB man in a plot to bring about a collapse of law and order in Western countries through terrorist attacks.

Young National Front: All Systems Go!

A scene from the film

"YOUNG National Front is perhaps the most important development in the history of the NF since the party was formed ten years ago."

This statement by Andrew Brons, Chairman of the NF Education and Training Department, was enthusiastically endorsed by the delegates at the NF A.G.M. in London on 15th October.

Nearly all the 700 delegates supported a resolution proposed by Mr. Brons and seconded by 16 year old Kevin Randall – a 6th former from Enfield, North London – which set up a special NF organisation for young people: Young National Front.

The resolution also secured a reduction in the NF's minimum recruitment age from 16 to 14 years. All members, whatever their age will have equal rights, save that only members age 18+ can seek election to the NF National Directorate.

Kevin revealed: "I have been an active NF supporter since I was 14 – working in elections, going on marches and attending meetings, and I was very disappointed to have to wait two years before being able

to join the party. This reduction of the age limit will boost recruitment."

His enthusiasm was echoed by several young men and women – school pupils, college students, young workers – who felt that young people had much to give the party and who felt that an organisation like YNF was desperately needed in the fight against Communist brainwashing in schools, colleges and youth clubs.

BULLDOG

This A.G.M. debate won considerable press and TV coverage, which prompted local newspapers in various parts of the country to highlight the activities of young NF members as they set about promoting the YNF in their localities.

Perhaps the most publicised

The National Front harnesses the enthusiasm and dedication of youth

YNF member of all so far has been 16 year old technical college student Joe Pearce of Dagenham who, with facilities imaginatively provided by the Dagenham NF Branch, has been writing and publishing a YNF local newsletter called *Bulldog*.

Bulldog so far has a circulation of 2,000 copies which are given away free to school pupils in Dagenham. It is full of hard-hitting news and information about the race problem, communism and NF activities.

Bulldog's advice to "Spread the

racist word" has prompted the local Community Relations boss to demand that Joe is prosecuted under the Race Act!

YNF RALLY

Both Joe and Kevin and other YNF members have given fine interviews on BBC and ITV programmes about the YNF.

Since the A.G.M. the NF National Directorate has prepared a Constitution for the YNF so as to properly structure local and regional YNF formations which are springing up all over the country.

The National Directorate has also decided to appoint NF Deputy-Chairman Commander Andrew Fountaine (R.N. Retd.) as YNF Chairman and a YNF National Secretariat will be appointed shortly.

The first job of the Secretariat will be to organise a national rally of YNF members in the New Year. It will also be producing a leaflet on "How to spot a Communist teacher".

For more details of the YNF and the rally, please write to NF Head Office.

Fight Race-Mix Poison in Schools

THE FIRST YNF campaign to be launched is against multi-racialist brainwashing in schools through television.

The Inner London Education Authority has produced a series of TV films under the title of *You in the Seventies* which are blatant propaganda for multi-racialism and inter-racial sex. They are intended for showing in schools to pupils aged 13 to 16.

One film shows the actual birth of a racially-mixed child. Another is intended to excuse Black mugging.

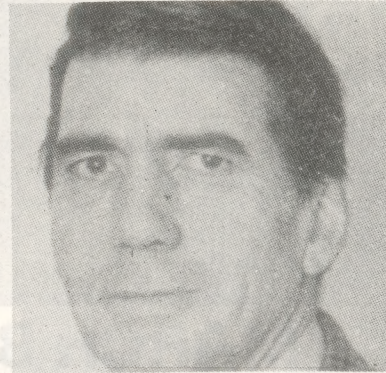

The films are due to be broadcast in London schools in the Spring Term of 1978, and Young National Front school activists will launch a campaign to ban them before they appear.

Said YNF Press spokesman Kevin Randall:

"This stuff is revolting, sheer poison. We are determined to get this propaganda stopped. We shall be organising pupil and parent petitions, picketing schools that intend to use this material, demonstrating outside the ILEA headquarters, and issuing special leaflets to warn the public about what is being shown to their children."

'Uhuru' at work in Africa

AS Whites in Rhodesia are being pressured to surrender their country to Black "majority rule", news of increasing chaos in Africa under insane Black despots reaches civilisation.

In Lesotho, Chief Abel Matele was accused in court of luring one of his relatives to a hut in the mountains and skinning her alive.

Six accomplices held her while Chief Matele removed the skin around her lips and eyelids with a knife, and drew blood from her thigh with a syringe.

Mad 'Emperor' Bokassa of the "Central African Empire" was recently crowned amid bizarre ceremonies costing millions of pounds. His eight-ton coach was drawn by 35 horses, while his throne took the form of an eagle with a 15ft. wingspan.

Before the coronation, Bokassa personally clubbed a British journalist and kicked him unconscious.

In Uganda, Idi Amin, who keeps the decapitated heads of his enemies in a fridge, has executed the second theatre director who produced a play not to his liking.

The previous theatre director was fed to the crocodiles. Amin recently added "Conqueror of the British Empire" to his many titles.

Monopolists cheer as Labour kicks unemployed with £ float

THE Labour Government showed once again last month that in economic policy it has become nothing more than the satellite of the International Monetary Fund.

It was mainly at the instigation of the IMF that the Government took the decision, unpopular with most of British industry, to allow the Pound to float upwards.

It immediately congratulated itself on its decision by announcing that this showed an increasing strength in the Pound, which reflected growing international confidence in the British economy.

But what in fact will the upward float of the Pound mean?

It will mean that our exports will become dearer while our imports become correspondingly cheaper. This is likely to have disastrous consequences for British producers, while its main beneficiaries will be the huge multi-national companies selling goods in Britain.

These companies will simply be able to pull back on their British manufacturing operations and concentrate production abroad from where they will be able to flood the

British market with their cheap wares.

This means unemployment for more British workers and bankruptcy for many British-based firms. Britain will once again get far into the red and will need more bailing out from the IMF with yet more strings attached.

The Pound will only find its proper place among world currencies when the absurd liberal trade policies favoured by both Labour and Conservative governments come to an end and British industry is protected from the kind of cut-price foreign competition now killing it.

In this way we can vastly reduce our import bill without significantly losing out on exports, if at all, thus restoring a stable balance-of-payments position that is the true guarantee of a strong Pound – and high employment and profits at home.

BRITISH FISHING: R.I.P.

ANOTHER sellout of British interests to the Common Market is being presided over by John Silkin, the Labour Government's Minister of Agriculture and Fisheries. This time he intends helping our European 'partners' to finally kill off the British fishing industry.

Just before Britain was dragged into the E.E.C. by the treasonable Tory Government of Edward Heath the 'Six' founder Common Market nations passed a rule that the fishing fleets of member nations of the Market could fish in the waters of other member nations.

If you think that sounds "fair", remember that E.E.C. nations with fishing fleets had all but exterminated fish from their own waters by means of fine mesh nets and 'hoover' style trawling. Britain banned its fishermen from using those techniques and imposed other sensible conservation rules.

Consequently the 'Six' nations had everything to gain and nothing to offer under the new regulation once Britain was in the E.E.C.

Edward Heath put up a token fight of defending Britain's inshore fishing rights by getting a temporary concession in the form of a six mile zone exclusively for the use of British fishermen – but for only six years, after which the question would have to be "re-negotiated".

During the interim period European fishing fleets have often ignored the six mile limit, and British fishery protection vessels have been ordered by the British Government to turn a blind eye to E.E.C. fishing 'pirates' so as not to cause "unnecessary friction with our E.E.C. friends".

But now "our European friends" are

moving in for the kill. The E.E.C. Commission has proposed that British fishermen must only be allowed to catch one-third of what the British sector contributes to the total E.E.C. fish resources!

In other words, even though fish from British waters constitute more than 60 per cent of the total E.E.C. catch, British fishermen would only be allowed to land 21.6 per cent of the total.

Mr. Silkin says this proposal is "negotiable". But whatever 'deal' he finally strikes it will mean the ruination of our fishing industry and our fish stocks sooner rather than later.

NF News Nightmare File

CASTRATION would have been the fate of Muslim Ekhas Ali had his ex-lover Hindu Shirley Singh had her way, Birmingham Crown Court was told in June. Their affair was broken up by Ali's parents who objected to his relationship with a Hindu. So Singh tried to persuade Rafael Caposi to tie Ali to a chair. "I wanted him tied up so I could cut his thing off," she said.

"**DUSTBIN** of the world" was how Cllr. Reg Hales described Britain's situation on learning that a big house in Sutton Coldfield, Birmingham, had been used (without planning permission) as a transit camp for Chilean Communist refugees - 2,212 of whom had come to Britain since 1973. Chilean families obtain Council houses within three months of their arrival.

MULTI-RACIAL crime has come to Bristol in a big way. In August two 19 year old French girl hitch-hikers were picked up on the outskirts of the city by three Asians driving a van. They drove to a quiet spot and after a struggle one girl managed to flee but her friend was raped twice. Meanwhile Private Dennis Harper on leave from service with the Glosters became another victim of the City's rash of muggings. He was smashed on the head with a bottle by one of two "Coloured blokes". He was hospitalised.

"**TERROR**" in Queensmere" was the front page headline in the *Slough Observer* on 12th August. The story revealed that extra Police have been drafted into the Queensmere Shopping Precinct, Slough to protect traders and shoppers from gangs of young Blacks. Six Police were injured in one incident.

MUGGING in Kilburn in North London has now reached epidemic proportions. Latest victim is attractive young barmaid Miss Susan Dibb who was fatally attacked at the end of July. Police were called out to investigate that murder and nine other serious assaults and robberies during the same period and in the same area. "All these recent incidents concern young Coloured people," reported Det. Supt. Jack Slipper. In nearby Maida Vale during the same month Police hunted two woolly-hatted Black youths who burst into the home of a 72 year old man, beat him with an iron bar and stole his wallet.

CAT EXCREMENT, mice droppings and bits of rotting food littered the floor of Abdul Mannan's food shop in Rosendale, Lancs., Magistrates were told by Health Inspectors in September. Cobwebs hung from the ceiling and equipment was coated with grease and coagulated blood. The W.C. was broken and foul and there were no washing facilities. He was fined a total of £175 with £50 costs in respect of 28 hygiene offences. Similar filthy conditions were discovered by Health Inspectors when they raided Syed Zulfiqar Ali's food shop in Reading, Berks. Magistrates fined him £177 with £20 costs. His solicitor pleaded: "He would not have to meet the same standards in his home country, India."

"**DEPLORABLE**" was how a Sheffield Yorks, Crown Court Judge last September described an incident in which a White family including a baby in a pram, were attacked by a gang of Black male and female teenagers. As the father, Mr. Anthony Caine, tried to stop the Black girls from rocking over the pram, he was attacked and beaten by their boyfriends.

CONVICTED illegal immigration racketeer Mohammad Ishaq Butt has been co-opted unanimously to the Birmingham Community Relations Council. He was nominated for the post by the city's Council of Mosques, despite the fact that he was convicted at an Old Bailey trial of participating in a plot to traffic in National Insurance cards for illegal immigrants.

JAMAICAN PONCE and Social Security claimant Sterling Forrest told Leicester Crown Court in June that he could not remember the last time he worked. He smoked 100 cigarettes a day, dressed well, gambled heavily, and drank in pubs and clubs nightly. He was convicted of living off the immoral earnings of two prostitutes - one the mother of two of his children.

A **SWORD** was used during a brawl between two groups of Asians outside the Black Dog pub in Southall, Middx., in June. One Asian was stabbed once in the chest and twice in the stomach and the Police - who said "there is no question of racialism" - are treating the assault as attempted murder.

VOODOO CURSES, dolls with pins stuck in them and assaults were used by West Indian Herman Bailey to try and evict tenants from a house he owned in Battersea, South London. He told one disabled White tenant: "This is a Black man's house, and I want you out!" - and then spat at him. These techniques having failed, he doused the property with paraffin and started a fire in which four tenants died.

'IMMIGRATION DOWN' - DON'T BELIEVE THIS LATEST GOVERNMENT LIE

THE LATEST Government fraud on Immigration, in figures released by the Home Office, is that fewer Immigrants are entering the country. *Don't believe these lies!*

Recent revelations in the diaries of former Minister Dick Crossman prove that in 1970 the Labour Government suppressed official figures on the growth of the Immigrant population.

Ministers claimed that estimates of the breeding rate of coloured people by the Registrar-General were "far-fetched" and succeeded in stopping their publication.

They claimed that the figures "would do incredible harm, because they could confirm Powell's accusation that we are flooding the country with Immigrants."

Enoch Powell confirmed that suppression of statistics on Immigrant numbers was "common prac-

tice" and was done to "keep voters happy".

The Home Office now claims that Immigration is down on last year, when (according to their figures) 80,000 Immigrants settled in Britain.

Yet Honor Tracey, writing in the *Daily Telegraph* (3.9.77), revealed that 30,000 had arrived in the first three months of this year!

Who do you believe?

Meanwhile, figures released by the Registrar-General show that

Immigrant births continue to rise, from 5.9 per cent of all births in 1972 to 7.2 per cent in 1976.

The figures show that while White births fell to 542,000, a drop of 25 per cent, Immigrant births rose to 42,000, mostly to mothers born in India and Africa. In London, one third of all children born are now coloured. Five London boroughs have more Immigrant births than White.

These figures were shocking enough, but have even worse figures been suppressed as "far-fetched"?

We believe terrifying revelations on the size of the Immigrant population are being suppressed. Labour MPs are protesting frantically about plans to record people by colour in the next census in 1981.

TOP SCIENTIST EXPOSES LEFTIST SUPPRESSION OF RACE RESEARCH

TOP scientist Sir Andrew Huxley has admitted that political pressure is used to suppress the investigation of links between race and intelligence.

Speaking to the British Association for the Advancement of Science, he said that there were also Left-Wing scientists who objected to investigation of differences in intelligence between races because

Prof. Andrew Huxley

of their own political views. Sir Andrew, who is one of the group of leading scientists who believe that intelligence is inherited genetically and who deny racial equality, said:

"Policies based on untrue assumptions are likely to lead sooner or later to disaster."

In a clear reference to multi-racial societies, he added:

"If it is true that differences of ability are to a large extent inherited, then preaching that they are not inherited will lead to expectations among the less well endowed which will never be fulfilled."

Prof. Hans Eysenck confirmed that political pressure existed. He revealed:

"Opportunities for research are withdrawn, or made subject to undertakings not to publish findings."

THOUSANDS OF RHODESIAN BLACKS NOW POURING INTO BRITAIN

WHILE thousands of good Rhodesians of British stock are barred from entering Britain, many hundreds of Rhodesian Blacks, most of them pro-terrorist, are pouring into Britain as "students", entirely at the taxpayers' expense.

The *Daily Mail* recently quoted Foreign Office sources as saying that 5,000 Rhodesian Blacks enter Britain every year, but informants in the Rhodesian Passport Office tell *NF News* that between 40 and 50 Blacks a day (17,000 a year) enter Britain with passports obtained at British embassies in Pretoria, Lusaka, Gaborone and other territories.

Our sources tell us that air fares are paid. They receive £134 a month on arrival, plus £80 "cold weather allowance" and another £80 for books in the first year. They receive completely free tuition at British universities or colleges.

Many of them are supported by the taxpayer-financed British Council. Many are accepting courses although they cannot even spell the name of them.

None of these Blacks has any right to enter Britain.

In contrast, the grandchildren of patriotic British-born Rhodesians who volunteered during the last war are refused the right to enter Britain.

A Rhodesian "student"

REPATRIATION IS THE ONLY SOLUTION

BELIEF is growing world-wide that repatriation is the only solution to the problem of multi-racial societies. In Britain, Blacks themselves, particularly those born here, are beginning to realise that repatriation is inevitable.

Young Blacks in Birmingham earlier this year demanded lump sums from the Government so that they could resettle in their family home of the West Indies.

Representatives of the young Immigrant community put the scheme to a Labour Party study group on race at a meeting in London chaired by pro-multiracialist Labour M.P. Joan Lester. They wanted cash resettlement grants as well as the fares home.

While the Blacks themselves realised that life in a multi-racial Britain held out no hope for the future, the idea was received coolly by the race-mixing zealots of the Labour Party.

Cllr. David Mumford, chairman of Birmingham Labour Party, who accompanied the Black deputation, said:

"Many of us nevertheless feel that the solution to the problems of these young people ought to be found here in England where they were born."

How insane can you get? The Blacks want to go home and the only thing keeping them here is the

Prince Charles met numerous Black youths who wanted to "go home".

India has now changed its entry laws to enable Indians expelled from other countries to return to their homeland. This is a radical change of policy, as India previously insisted that Indians with British passports were the responsibility of Britain. The new policy means that anyone of Indian stock throughout the world will be re-admitted.

Indian Foreign Minister Atal Vajpayee did not give the reasons for the Indian government's change of policy, but it is reported that they already anticipate future repatriation of all Indians from Britain by a nationalist government.

Meanwhile in France, North

African Immigrants are to be repatriated with fares paid and a bonus of £1,200 for going. French Secretary of State for Employment, Lionel Stoleru, said that the measures were being taken because of high unemployment. France has more than 1 million people out of work, and there are 1 million Immigrants.

Immigrant leaders described the repatriation plan as "vicious", but it has the complete support of French trade unionists. The French Government also described the measures as essential in order to provide jobs for the 600,000 young people who are coming onto the labour market.

Serious racial violence has already flared in France, with regular fighting between White youths and North Africans. Algerians commit large numbers of rapes, robberies and assaults.

Everywhere, multi-racial societies are disintegrating amidst mutual resentment of both Blacks and Whites. The White host communities are rejecting the Immigrants, who are beginning to realise that their future lies in their own countries. **REPATRIATION IS THE ONLY ANSWER.**

Immigrant 'Doctors' boost NHS

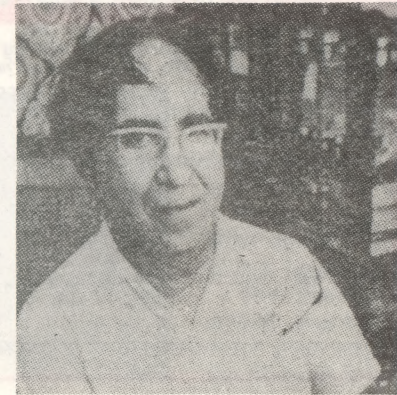

WE'VE all heard the claim that "Immigrant doctors help to boost the National Health Service". Here are a couple of dusky medics who are striving to do their bit:

At left is Zulu witch-doctor Shezi Mdalose, now in practice in South London. He uses a sheep's knee-bone as a stethoscope.

At right is Asian acupuncturist 'Dr.' Sher Afzal Khan. A report about him has been forwarded to the Department of Health by the Birmingham Area Medical Officer.

Contaminated needles used by 'Dr.' Khan have so far infected 26 people with hepatitis. Khan claims

his needles were contaminated "as part of a vicious plot."

FRONTLINE ACTION

HULL, Humberside. By Police request, Hull Branch only mounted a token picket of nine members outside a hall where Tariq Ali was speaking on 28th October. But the Reds took advantage of this and attacked the peaceful NF picket. "We were able to put down two of them before Police intervened," reports Branch Organiser Tony Braithwaite, "but two of our lads were arrested. No more 'token' pickets for us!"

BLOOMSBURY, London. 'Paedophile Information Exchange' supporters who seek to legalise sexual relations between adults and children, were barracked by a large crowd of NF Mums and Dads and YNF members as they entered Conway Hall for a meeting on 19th September. The protest was joined by dozens of local residents.

ROSSENDALE, Lancs. The latest NF Group to be set up in Lancs is based in Rossendale. Organiser is Peter Holt and Steven Ducker is Secretary. Already the Group is planning to contest Rossendale constituency at the General Election.

CAMBORNE, Cornwall. Former Cornish 'Nationalist' Party official Wallace Simmons has quit the C.N.P. and has joined the NF. He intends to form a Camborne NF Group, and told local papers that the C.N.P. had been subject to "infiltration by Communist elements".

TOOTING, London. Activists from Wandsworth, Lewisham and Lambeth NF Branches peacefully heckled a Labour meeting held in a Tooting school in October. Within minutes the platform speakers, led by Tooting M.P. Tom Cox, had fled despite a total absence of any violence. Labour Agent Ken Solly told the local press that the meeting had been "broken up by NF thugs". In fact the NF members helped the Caretaker to put away the chairs!

ROCHDALE, Lancs. Colin Barnett, Secretary of the N.W. Council of the T.U.C., who co-ordinates the campaign to deny the NF's right to free speech got a taste of his own medicine on 24th September. He, along with Rochdale Council and Granada TV multi-racialists, fled from the platform of a "Human Race Campaign" meeting held at Rochdale Technical College when they saw that 30 of the 50 people at the meeting were NF members.

NORWICH, Norfolk. It is with great sorrow that we report the death of 17 year old YNF Activist Alan Kemp - featured in issue No. 10 after he raised £95.50 for Norwich Branch with a sponsored cycle ride. He had a rare lung complaint. A week before he died he had been on the Lewisham march during which he was badly kicked, but this did not prevent him going out leafletting with his branch three days later. We extend our deepest sympathy to the Kemp family on their sad loss.

CAMBERLEY, Surrey. News that Walton & Weybridge Branch is engaged in a big recruitment drive in the Camberley area won splash headlines in the *Sandhurst News & Mail*. Branch Organiser Roger Denny revealed that response to the leafletting had been so encouraging that a Camberley Group would be formed soon. The local Labour Party has complained to the Press Council, saying that the local paper should not have given details of NF policy in its report!

HILLINGDON, London. A big poster parade was held outside the Friends Meeting House in Uxbridge on 14th September where a meeting of Hillingdon Community Relations Council was being held. The C.R.C. Chairman expressed "alarm" in her report at the increasing rate of support for the NF.

WATFORD, Herts. Shrieks of rage have gone up from Watford Council following the issue during September of a leaflet by Malcolm Smith, Chairman of West Herts Branch, which gave details of an alleged Council plan to build flats for immigrants from Inner London. Chairman of the Council Housing Committee declared the leaflet contained "lies", but Mr. Smith said he had been given the information confidentially by a Council member.

HACKNEY, London. Communist and Zionist agitators failed in their plan to lure East Ender NF members into a 'Lewisham' style clash by holding a provocative pro-immigration march through Hoxton on 16th October. The Reds hoped to counter-balance the terrible publicity they earned as a result of their vicious attacks on NF marches by provoking NF members to behave similarly. NF members did not rise to the bait, but contented themselves with peacefully heckling the rabble.

DARTFORD, Kent. Dartford Branch had two stalls at the Dartford District Show in August... as did the Conservative, Labour, Liberal and Communist Parties. But the NF stalls attracted so much custom that a Leftist local youth leader Barry Lambert has written to Dartford's Mayor demanding that the NF be banned in future from hiring halls. The Council has refused, saying that it had received no complaints from the public.

ACCRINGTON, Lancs. A "regional mobilisation of anti-racialists" produced under 100 demonstrators outside a school in Accrington on 5th November where the Blackburn and Accrington Branch held a meeting in support of David Riley, the NF candidate in a local council by-election.

We beat the bans!

"No platform for the NF!" say Labour Councils, the Zionists and the Red mob. But here we see NF Chairman John Tyndall addressing an audience of 250 at Blackpool in October - one of scores of NF meetings held all over Britain this autumn.

SCORES of National Front meetings have taken place all over Britain despite local Council bans and attempted intimidation by the Red Mob.

Also in October Mr. Webster spoke at a meeting of Southend-on-Sea Branch at Leigh. The Socialist Workers Party tried to get the meeting banned by promising a mob of 1,000 to "smash" it. Barely 200 Reds showed up on the day.

Threats of a demonstration from Red "anti-racialists" in Harrow caused Harrow Council to ban a Harrow Branch meeting at the Harrow Civic Centre at which Mr. Webster was due to speak early in November.

However, a local hotel was booked at short notice and more than 100 people assembled to hear the NF message, including the local press.

Meanwhile, Trafford Borough Council, Greater Manchester, have refused a demand from Colin Barnett, Secretary of the N.W. Regional Council of the T.U.C., that the NF be banned from hiring the Council's halls for meetings.

His demand was rejected as "undemocratic". One Councillor said: "Were it not for the extremists of the Left, there would be no trouble at all."

Capt. McKilliam for Bournemouth

CAPT. Kenneth McKilliam, 66, Organiser of the Ashford NF Group, Kent, was adopted as the NF candidate in the Parliamentary by-election for Bournemouth East.

Now a retired teacher, Capt. McKilliam saw active service throughout World War Two as an officer of the Kings African Rifles. During part of the hostilities he was attached to the Special Service Commandos.

In 1948 he joined the Colonial Service and was employed in Africa as a tutor at teacher training colleges for Africans. He was also a UNESCO advisor.

He is a founding member of the NF and has been a Church of England Lay Reader for 30 years.

Tony pushes YNF in Cleveland

ANTHONY Dinsdale, 17, a student at Prior Pursegrove Sixth Form College, Cleveland, gave a talk about the NF to 40 of his fellow students recently, and news of this reached the *Evening Gazette*.

The story prompted Cleveland's Zionist Tory M.P. Leon Brittan to declare that Tony was mounting a "massive fascist propaganda campaign".

Brittan's silly outburst prompted the *Evening Gazette* to run a special feature about Tony and his work for the NF - which includes acting as Cleveland NF Branch's Elections Officer.

Tony, an active NF supporter for two years, reports that 20 of his college friends are now NF sympathisers.

Populist Faction Disintegrates

AFTER more than a year of internal wrangling, the National Party faction which split from the National Front in 1975 appears to have disintegrated into at least four factions.

Mrs. Marion Powell and Mr. Henry Lord have set up a "Britannia Party" which believes in encouraging "skilled" immigrants to stay in Britain.

Sacked NP Chairman Mr. J.

Kingsley Read has set up the "Democratic National Party" which has concluded an alliance with a "neo-Nazi" hooligan group in Leeds.

Meanwhile Mr. Michael Lobb has announced his intention of dividing what remains of the NP rump into two organisations - one for the "Bourgeoisie", the other for the "Class-Conscious".

OUR NEW H.Q. AND CLUB: ONE LAST BIG EFFORT AND WE'RE THERE!

MONEY has been pouring into NF Head Office in response to appeals for the Building Fund set up to enable the NF to buy a club and headquarters in Central London.

What with people buying £600 shares in the club, others lending £5 or more to the Loan Fund, and yet more making large and small donations, the total approaches £30,000!

But to be absolutely sure of getting the right building we still urgently need more money - and quickly!

The reason for the urgency is that it seems certain we will have to quit our present H.Q. in Teddington by late February!

If you want details of any of the fund-raising schemes, please write to us. Otherwise, please donate as much and as quickly as you can.

'Stockwood does not speak for us' say NF Vicars

"THERE can be no doubt that Mervyn Stockwood, the Red Bishop of Southwark, has been the most effective Recruitment Officer for the NF in 1977," reports Mrs. Beryl Mitchell, NF Membership Secretary.

"His continual communist-style attacks on us have won us many new members - including several ordained Ministers of various denominations, and a Roman Catholic monk."

This announcement was further re-enforced by Church of England Priest Rev. Terence Spong, who told the NF A.G.M.:

"There is no clash between my Christian views and those of the NF."

My Christian ideals are that I am proud to be White and British!"

Later the former Bishop of Peterborough, the Rt. Rev. Cyril Eastaugh told the press he "would not be surprised if Anglican vicars were now joining the Front."

Hounslow Baptist Minister Rev. Brian Green, a former NF Parliamentary candidate, has conducted the NF Remembrance Day service at the Cenotaph, Whitehall, for the past five years.
